

Anusari Chemical

<http://www.anusarichemical.in/>

We are leading firm of the chemical industry, actively involved in manufacturing and supplying a broad range of Electroplating Fine Chemicals. These are widely demanded across the market for their perfect composition.

Profile

Established in the year **1996**, we, "**Anusari Chemical**", are well known across the market for manufacturing and supplying the finest quality of Electroplating Fine Chemicals. Consists of Industrial Chemicals, Nickel Electroplating Fine Chemicals and Silver Electroplating Fine Chemicals, we manufactured a broad range of chemicals. Offered chemicals are processed by employing the optimum quality ingredients and in tandem with the laid norms and regulations by chemical industry. Leveraging to their rich attributes such as purity, compositional accuracy, optimum effectiveness, precise pH value and longer shelf life, these chemicals are highly acknowledged among our patrons. In addition to this, these chemicals are available with us at industry leading prices within the promised frame of time.

By following the globally accepted quality standards, offered electroplating fine chemicals are formulated. Proper quality management at different phase of formulation assures that the quality of the offered chemicals is maintained at our end. In addition to this, the offered chemicals are available with tamper-proof packaging options, owing to our well-designed warehousing and packaging unit. We deliver the provided range of electroplating fine chemicals at the patrons' end, with our strong distribution support. Apart from this, we priced nominally of the entire range of chemicals.

"**Mr. Sayyad Shagir**", is mentor of our organization and he has helped us in fulfilling to the precise needs of our valued patrons. Backed with his vast industry experience and deep knowledge of this domain, we have been able to attain the trust and confidence of our esteemed patrons.

INDUSTRIAL CHEMICALS

Lead Acetate

Lead Carbonate

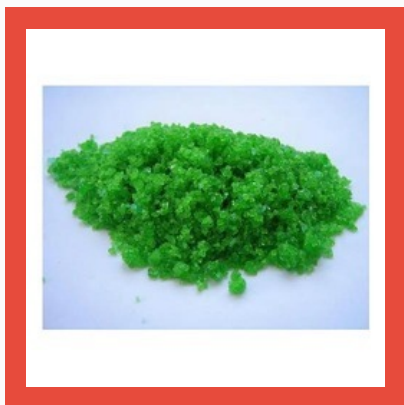

Lead Nitrate

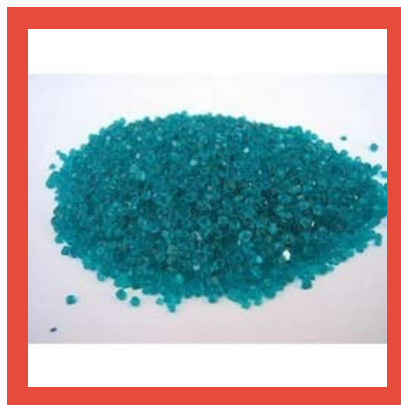

Potassium Dichromate

NICKEL ELECTROPLATING FINE CHEMICALS

Products

Nickel Salt

Nickel Sulphate

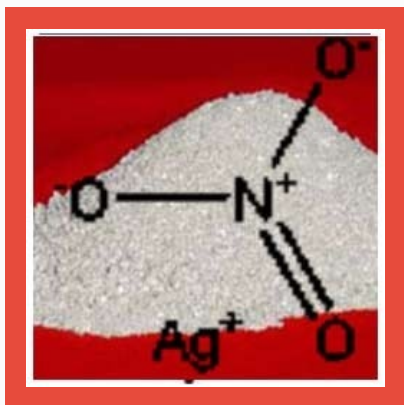

Nickel Acetate

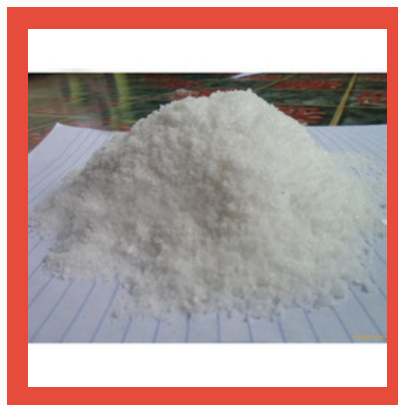

Nickel Carbonate

SILVER ELECTROPLATING FINE CHEMICALS

Silver Nitrate

Potassium Silver Cyanide

Silver Cyanide

Silver Salt 50%

TIN ELECTROPLATING FINE CHEMICALS

Products

Stannous Sulphate

Stannous Chloride

Sodium Stannate

Factsheet

Year of Establishment : 2010

Nature of Business : Manufacturer, Supplier, Trader

Total Number of Employees : Upto 10 People

Primary Competitive Advantage : Experienced R & D Department
Large Production Capacity
Good Financial Position & TQM
